Through its Labour Consultants Batini Colombo Saottini

advises Clients in labor practice different aspects: starting from employees accounting, tax and law fulfillments to labor litigation that may occur between the Company and its workers.

With the most updated technology devices and software we can manage a direct connection between Client's IT system and our in-house procedures, with a fully automated and cost-effective data entry process that allows a huge time and resources saving.

Paychecks can be delivered to Client's office hard mail or on-line with most suitable personal data protection safeguards and personalized safety systems: we can guarantee discretion and secretiveness through an on-purpose designed intranet and data encrypting system (the same used for home banking connections).

By the same intranet Clients can reach their documents (income and tax returns, payments, contracts, incorporation deeds, Business Registry and Chamber of Commerce documents regarding their Company).

Individual and thinking respect

We set individual and thinking respect and politeness among our values in relationship's management both inside our structure and outside.

We don't discriminate and don't encourage discrimination against anyone: we respect all opinions even if they fight back with ours.

Team-work

The responsibility for the role, the firm's awareness and self success sharing are the founding elements of our working teams.

We try hard to make pleasant our working environment: we are convinced that a relaxed climate, if accompanied with the belief of the importance of everyone's work for the firm's general success, contributes to make every individual more gratified and ready to stand a heavier work load when circumstances call.

Through our support to different organizations we promote art's and culture's development.

The choice of a professional partner on which rely on is often based on the different alternatives assessment offered by the consultancy market.

In most cases is the firm's work, its professionals' experience and ability and delivered services' quality that, passing the word, allow the firm to reach a higher awareness and elevate its standing.

More and more, even in the field of legal and tax consulting, the so called "brand awareness" is built on the rating assigned by most authoritative directories year after year (sector guides to which CEO, CFO and entrepreneurs rely on for their choice).

Batini Colombo Saottini, most of all thanks to the acknowledgment given by Clients, to whom an evaluation has been required by directories editors, has entered in the group of Italian law firm with the highest professional standing.

This, for us, besides a pride reason, is an incentive to keep on going the undertaken way with the aim of letting all the partners share in our success in favor of a better service for our Clients.
